### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Applicant's claims are allowable because the prior art fails to disclose a system for determining travel deductions for taxpayers who stay overnight in locations remote from their homes as part of their employment, including means for inputting cities visited and durations of stay for a taxpayer based upon a ship location table, inputted ship names, and starting and ending dates for work on said ships in order to calculate per diem expenses. Buchanan discloses automated processing of travel related expenses but fails to disclose determining locations and durations of travel based on ship tables in order to calculate per diem expenses. Non-patent literature ([www.hoven.com](http://www.hoven.com)) discloses the use of per diem rates for specific cities. Hoven fails to disclose determining locations and durations of travel based on ship tables in order to calculate per diem expenses. No single reference or combination of references anticipate or make obvious the claimed invention.

Claims 12-21 are allowable over the prior art.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
